Somerset Community College
Associate Degree Nursing Program
Pre-Admission Conference
(Evening/Weekend LPN to ADN Program)
2018-2020
Updated Feb 2019 – New curriculum effective Fall 2019
Associate Degree Nursing (ADN) – Evening/Weekend LPN to ADN Option

• Thank you for your inquiry about the Somerset Community College Evening/Weekend LPN to ADN Associate Degree Nursing Program.

• This program was designed for the Practical Nurse having difficulty taking nursing courses during the traditional class time periods. Classes in the LPN to ADN program are held in the evenings with clinical scheduled on Saturdays and/or Sundays.

• You must be a LPN or currently enrolled in a LPN program to apply to this program.
Associate Degree Nursing (ADN) – Evening/Weekend LPN to ADN Option

• Students currently enrolled in a LPN program are welcome to apply, but if accepted into the program, must have passed the NCLEX-PN exam and have an active and unrestricted PN license prior to enrolling in the first nursing course

• The next admission for the program is January 2020. The application deadline is June 1, 2019.

• This online pre-admission conference will provide information about the program, program requirements, and the application process. Information in this online presentation only applies to the Somerset Community College ADN program. Please review this information frequently as revisions may occur periodically.
Associate Degree Nursing (ADN) – Evening/Weekend LPN to ADN Option

Graduates from the Associate Degree Nursing Program are eligible to apply to take the NCLEX-RN licensure examination and practice as a RN in entry level staff positions. Employment opportunities include direct patient care settings (hospitals, clinics, extended care facilities). Many credits may be transferred to a four-year college or university to further your education at the baccalaureate level.

Once admitted into the program, it can be completed in three semesters.

25 students are admitted every three semesters.

All required nursing, biological sciences, and quantitative reasoning (math) courses must be passed with a grade of “C” or better to enter and remain in the program.
The Somerset Community College Associate Degree Nursing Program is accredited by:

Accreditation Commission for Education in Nursing (ACEN)
3343 Peachtree Road NE, Suite 850
Atlanta, GA, 30326,
Phone (404) 975-5000
FAX (404) 975-5020.
ADN Program Philosophy

The philosophy of the Associate Degree Nursing (ADN) program is congruent with the Kentucky Community and Technical College System (KCTCS) mission statement and is supported by the works of the National League for Nursing (NLN) Education Competencies and Quality and Safety Education in Nursing (QSEN).

The nursing faculty believe nursing is holistically evolving, blended with science, and the art of caring. Nursing demonstrates the provision of patient-centered care based on quality standards and evidence based practice through the inclusion of theoretical concepts.
ADN Program Philosophy (Continued)

Learning in an educational setting is enhanced by a teacher-student relationship and clearly defined student learning outcomes. The nurse educator’s responsibility is to structure and facilitate optimal conditions for critical thinking from simple to complex. The student brings to this relationship the willingness to learn and is accountable for his/her education.

The ADN graduate, having achieved the graduate outcomes is prepared to practice in a variety of settings with the parameters of individual knowledge and experience according to the standards of practice.

References:

End of Program Student Learning Outcomes

Upon completion of this program, the graduate can:

1. Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as human beings (human flourishing).
   
a. Incorporate culturally competent, individualized plans of care focusing on services and activities that promote independence, maintain or restore health, or support a peaceful death and advocate for access and quality of care for patients.
   
b. Formulate teaching/learning processes to facilitate the patients in informed decision-making to achieve positive outcomes and support the client’s functional patterns that demonstrates respect for diverse patients.
End of Program Student Learning Outcomes

2. Formulate judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality-care and promote the health of patients within a family and community context (nursing judgment).
   
a. Utilize the nursing process as a basis for clinical judgment to optimize outcomes of care for the patient, family, and community.

   b. Establish and maintain effective/therapeutic communication in collaboration with patients, families, significant others, and members of the health care team.

   c. Manage the direct provision of nursing care through effective organizational skills, appropriate delegation, and supervision within the scope of practice.
End of Program Student Learning Outcomes

3. Develop one’s role as a nurse in ways that reflect integrity, responsibility, ethical practice and an evolving identity as a nurse committed to evidence-based practice, caring, advocacy, and safe, quality care for diverse patients within a family and community context (professional identity).

   a. Employ principles of advocacy, quality and safety, healthcare policy, and cost effectiveness to improve healthcare outcomes.

   b. Exhibit professional behaviors/practice as defined by the ethical, legal, and regulatory frameworks of nursing.

   c. Incorporate the ability to ethically and responsibly integrate technology to skillfully locate, evaluate, use, create and communicate information to improve the quality and safety of patient care and the life and employability of graduates.
End of Program Student Learning Outcomes

4. Consider the evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions, and offer new insights to improve the quality of care for patients, families, and communities (spirit of inquiry).
   a. Interpret evidence-based literature/research for use in nursing practice.
   b. Exhibit continuous learning within the nursing profession.
Enrollment in the nursing program may be limited because of available laboratory facilities in the community, as well as limited faculty and financial resources at the Community College. The President of the College or the President’s designee will make the selection of students for the Nursing Program after considering the recommendations of an Admissions Committee which is appointed for this purpose.

Students accepted into the program must provide proof of holding an active unrestricted license for practical/vocational nursing prior to enrolling in Nursing 195. Licensed Practical/Vocational Nurses, who graduated more than three (3) years prior to admission to the Associate Degree Nursing Program, must provide verification of current employment. Current employment shall be defined as one (1) year full-time employment as a LPN/LVN within the last three (3) years. The employment in nursing shall be defined as patient/client contact and shall be verified by the employing agency/agencies using the standardized verification of employment form.

Students must have a minimum overall GPA of 2.00 before enrolling in the first nursing course and must maintain a minimum overall GPA of 2.00 throughout the program.
Associate Degree Nursing (ADN) – Evening/Weekend LPN to ADN Option

• Clinical facilities require a criminal background check and a drug screen before students are allowed to participate in clinical experiences. The ADN program requires students to have a criminal background check and a drug screen once a year before participation in clinical experiences. If you do not “pass” the test, the facility may refuse to allow you to practice in their facility. If we cannot place you in a facility for clinical experiences, you will be dismissed from the program. The cost of these checks/screens will be the responsibility of the student.

• If admitted to the program, students must submit proof of certain immunizations, documentation of yearly TB skin tests, and maintain CPR certification. Students must begin the series of Hepatitis B vaccinations or sign a Hepatitis B declination form before beginning clinical. Students must also purchase liability insurance, as provided through KCTCS, at the beginning of each semester. Students will also be required to complete an orientation to each clinical facility.
Kentucky Board of Nursing (KBN) Regulations Regarding Felony/Misdemeanor Convictions

The KBN follows established statues and regulations when considering an applicant’s criminal conviction record prior to admission to the National Council Licensure Examination (NCLEX) or to issuing a nursing license in Kentucky.

Criminal Background Check of Applicant to the NCLEX

“The board may require a criminal background investigation of an applicant, nurse, or dialysis technician by means of a fingerprint check by the Department of Kentucky State Police and the Federal Bureau of Investigation.” (KRS 314.103)
KBN Regulations Regarding Felony/Misdemeanor Convictions (Continued)

201 KAR 20:370 states, in part, that:

Section 1. To be eligible for licensure by examination, endorsement, renewal, reinstatement...an applicant shall:

(3) Submit a certified or attested copy of the court record of each misdemeanor or felony conviction in this or any other jurisdiction and a letter of explanation that addresses each conviction, except for traffic-related misdemeanors (other than DUI) or misdemeanors older than five (5) years;

(4) Submit a certified copy of a disciplinary action taken in another jurisdiction with a letter of explanation or report a disciplinary action pending on a nurse licensure application or license in another jurisdiction;

(7) Submit additional information as required by the board in 201 KAR Chapter 20;

(8) Meet additional requirements for:
  (a) Licensure by examination established by 201 KAR 20:070
KBN Regulations Regarding Felony/Misdemeanor Convictions (Continued)

KRS Chapter 314, 314.091 states, in part, that:

(1) The board shall have power to reprimand, deny, limit, revoke, probate, or suspend any license or credential to practice nursing issued by the board or applied for . . . or to deny admission to the licensure examination, or to require evidence of evaluation and therapy upon proof that the person:

(b) Has been convicted of any felony, or a misdemeanor involving drugs, alcohol, fraud, deceit, falsification of records, a breach of trust, physical harm or endangerment to others, or dishonesty, under the laws of any state or of the United States...The record of conviction or a copy thereof, certified by the clerk of the court or by the judge who presided over the conviction, shall be conclusive evidence;

(d) Has negligently or willfully acted in a manner inconsistent with the practice of nursing;
(f) Abuses use of controlled substances, prescription medications, illegal substances, or alcohol;

(g) Has misused or misappropriated any drugs placed in the custody of the nurse for administration, or for use of others;

(h) Has falsified or in a negligent manner made incorrect entries or failed to make essential entries on essential records;

(j) Has violated any of the provisions of this chapter;

(m) Has been listed on the nurse aide abuse registry with a substantiated finding of abuse, neglect, or misappropriation of property;

(n) Has violated the confidentiality of information or knowledge concerning any patient, except as authorized or required by law.
Non-Discrimination Statement

Admission to the Associate Degree Nursing Program is open to all qualified students regardless of economic or social status, and without discrimination on the basis of race, color, sex, marital status, beliefs, age, national origin or disability (refer to Technical Standards section).

In addition to the other qualifications, the College will, in compliance with the KCTCS regulations and in the manner and to the extent permitted by law, endeavor to provide opportunities to all students in order to promote diversity among the student population in the Associate Degree Nursing Program.

Somerset Community College offers equal opportunity in its employment, educational programs, and/or admissions, and activities in compliance with Title VI, Title IX, Section 504, ADA, and other civil rights laws.
Nursing at the technical level involves the provision of direct care for individuals and is characterized by the application of verified knowledge in the skillful performance of nursing functions. All students should possess:

1. sufficient visual acuity, such as is needed in preparation and administration of medications, and for the observation necessary for patient assessment and nursing care;

2. sufficient auditory perception to receive verbal communication from patients and members of the health team and to assess health needs of people through the use of monitoring devices such as cardiac monitors, stethoscopes, IV infusion pumps, Doptones, fire alarms, etc.;

3. sufficient gross and fine motor coordination to respond promptly and to implement the skills, including the manipulation of equipment required in meeting health needs;
4. sufficient communication skills (speech, reading, writing) to interact with individuals and to communicate their needs promptly and effectively, as may be necessary in the individual’s interest; and

5. sufficient intellectual and emotional functions to plan and implement care for individuals

If you have a disability, you must be registered with the SCC Disabilities Office and they will notify us of any accommodations that must be made. Accommodations affecting patient safety cannot be made.
Associate Degree Nursing (ADN) – Evening/Weekend LPN to ADN Option

Following are the classes that will be required to complete the degree requirements. Classes must be taken before or during the semester listed.

Prior to Enrolling in NSG 195

- BIO 137  Human Anatomy & Physiology I  4
- BIO 139  Human Anatomy & Physiology II  4
- PSY 110  General Psychology  3
- ENG 101  Writing I  3
- A quantitative reasoning (math) course that meets the AA or AS degree requirement  3
- CPR 100  (American Heart Association BLS for Health Care Providers)  0-1
Associate Degree Nursing – Evening/Weekend LPN to ADN Option (Continued)

**First Semester**
NSG 195  Transition to ADN  4
NSG 212  Behavioral Health Nursing  3

Upon successful completion of all first semester courses, will receive additional credit hours for Advanced Standing

**Second Semester**
NSG 229  Medical/Surgical Nursing II  7
NSG 211  Maternal Newborn Nursing  3
BIO 225  Medical Microbiology  4
Must show proof of having completed the CPR requirement and have an overall GPA of 2.00 to enroll and remain in the nursing program. All required nursing, biological sciences, and quantitative reasoning (math) courses must be passed with a grade of “C” or better in order to enter or progress in the nursing program. The KCTCS digital literacy requirement will be met upon successful completion of the ADN program. Students exiting the program before completion may be required to take a digital literacy course to fulfill graduation requirements for other programs, degrees, or diplomas.
Application Guidelines – Evening/Weekend LPN to ADN Option

• The applicant is required to read this online conference information if applying to the Evening/Weekend LPN to ADN program. It is your responsibility to be familiar with and understand the information in this presentation. Please contact the Nursing Coordinator for questions about the information in this presentation. Please review this presentation frequently to keep up-to-date on any changes.

• You will need to print, complete, and submit the Program Application and Statement of Program Requirements after completing the presentation. The link to download application is on slide 49. Applications will only be accepted during the two weeks prior to the application deadline date. Applications submitted at other times will be returned.

• All documents should be submitted to the Nursing Coordinator or Division Assistant via mail or in person at:
  • Blakley Building, Room 301 (Somerset North Campus)
    Somerset Community College, 808 Monticello Street, Somerset, KY 42501
  • Allied Health Building #3, Room 214 (Laurel North Campus)
    Somerset Community College, 100 University Drive, London, KY 40741

If documents are mailed, contact the Nursing Coordinator, before the deadline, to make sure your materials were received. Fax copies of documents are not accepted.
• Make sure you have a current application to a KCTCS college on file in the Admission’s Office. If you have been out of college for a semester or more, you will need to complete a new application.

• **You must take the NLN Pre-Entrance RN Exam (PAX-RN) or the ACT before submitting your application.** The ACT should be taken by March for the June 1, 2019 deadline. Request exam scores to be sent to SCC. You must take one of these exams even if you already have a college degree. You may take the PAX-RN exam no more than once every 12 months. If the PAX-RN exam is taken more than once in a 12 month period, only the first score will be used. If you take the ACT, only the ACT Residual exam scores taken at SCC or the ACT National exam scores will be accepted. If the PAX-RN exam is not taken at SCC, exam results must be sent directly from NLN or you must submit an official copy of your exam results. See slides on ACT and PAX-RN Exam for more details.
Application Guidelines – Evening/Weekend LPN to ADN Option (Continued)

• Submit the following documents to the Nursing Coordinator or Division Assistant from May 20, 2019 through June 1, 2019 at 4:30 p.m. (eastern time). If the deadline falls on a weekend, holiday, or a day the college is closed, the deadline will be extended to the next business day). Applications submitted at times other than listed above will be returned.

  • a copy of current LPN/LVN license verification from the KBN website. Students currently enrolled in a LPN program must pass the NCLEX-PN exam and submit a copy of the PN license prior to enrolling in the first nursing course, if accepted into the program.

  • program application (for the current admission period) and the statement of program requirements indicating when you want to be considered for admission. Do not submit personal letters or letters of recommendation.
Application Guidelines – Evening/Weekend LPN to ADN Option (Continued)

• Please make sure the Records Office has the following documents in your file no later than **May 1, 2019**. You do not need to pick up these documents. The program coordinator will get these documents from PeopleSoft or the Onbase system. You just need to make sure that the college has the information.

  • An official high school transcript with graduation date or GED scores. Even if a high school transcript was not required for admission to SCC, you will need to submit your high school transcript for application to the nursing program. Applicants who have earned other degrees will also need to submit a high school transcript. Transcripts need to be submitted to the Admissions Office.

  • An official transcript from all other colleges, universities, vocational schools you have attended if applicable. Transcripts need to be sent to the Admissions Office as soon as possible so they can be evaluated and posted in PeopleSoft. If you submitted your transcript(s) to another KCTCS college, you will still need to submit one to Somerset Community College.
Application Guidelines – Evening/Weekend LPN to ADN Option (Continued)

- The KCTCS digital literacy requirement will be met upon successful completion of the ADN program. Students exiting the program before completion may be required to take a digital literacy course to fulfill graduation requirements for other programs, degrees, or diplomas.

- You will receive one of three letters: an acceptance letter, a letter stating you are an alternate, or a non-acceptance letter.

- Letters notifying you of whether or not you have been admitted will be mailed out by October 31, 2019.

- If you are not admitted to the program and you want to be considered again for admission, you will need to review the current online admission presentation and submit a new application.
The PAX-RN exam cannot be taken more than once every 12 months. If the PAX-RN exam is taken more than once in a 12 month period, only the first score will be used. Also, if the PAX-RN exam is not taken at SCC, exam results must be sent directly from NLN or you must submit an official copy of your exam results. Exam scores are good regardless of when you took the exam. You must register for the PAX-RN exam 2 days before the test date you want to schedule. NLN closes registration 2 days prior to the testing date.

• The exam consists of three tests - Verbal Ability, Mathematics, and Science. The Verbal Ability section consists of two subtests: Word Knowledge and Reading Comprehension. The Mathematics test uses straight calculations and word problems to cover basic operations (integers, decimals, fractions, and percent), algebra, geometry, conversions, graphs, and concepts. Data interpretation, applied mathematics, and scientific notation are included. The Science test is an achievement measure of the student’s knowledge of general principles of chemistry, physics, general biology, and earth science.

**NOTE:** In addition to the fee paid online when you register for the PAX-RN Exam, there will be a $25 administrative fee payable to Somerset Community College the day of the test.
PAX-RN Exam

• A study guide is no longer available for the PAX-RN exam. However, you can purchase PAX-RN prep materials through your NLN student account. The website address is below.

• Test dates for the PAX-RN exam dates are located on the NLN Testing website and can be accessed after setting up your student account and registering.

• **All Exams Start at 9:00 a.m. Eastern Time.** Please go to [https://ondemand.questionmark.com/400030/ext/nlntesting/](https://ondemand.questionmark.com/400030/ext/nlntesting/) to find the Student Guide to NLN Testing Portal. This guide will give you information on registering for an exam session and what to expect during the exam. Once you get to the website, the Student Guide will be one of the blue links under “Resources.”
ACT Residual Information

Somerset Community College
ACT Residual 2018-2019
$50.00

• All ACT Residual sessions are scheduled by appointment only. Please contact the SCC-Somerset Assessment Center 606-451-6850.

• Somerset Assessment Center is located on the North Campus in the Strunk Building

• Picture ID Required

• The ACT Residual may only be taken every 60 days

• Must be enrolled at Somerset Community College

• The ACT Residual test results can only be used at Somerset Community College
ACT National Test Information

ACT National Test 2018-2019
Registration must be completed online at: www.actstudent.org

All Testing sessions begin promptly at 8:00 a.m.
Plan to arrive 15 minutes early, late arrivals will not be allowed to test

Room assignments will be posted on test day at Cooper, Blakely and the Commons Building
Picture ID and Admission ticket are both required

The ACT National results can be used at any college that accepts the ACT

For testing questions, contact the: SCC-Somerset Assessment Center at 606-451-6883

Advanced Standing Credit for LPN’s — Evening/Weekend LPN to ADN Option

A LPN admitted to the ADN Program (Evening/Weekend LPN to ADN Option) will earn additional credit hours by advanced standing if you:

a. have passed the National Council Licensure Examination-PN (NCLEX-PN),
b. hold an active unrestricted license for practical/vocational nursing, and
c. successfully complete the first semester courses (Nsg 195 and Nsg 212).

Licensed Practical/Vocational Nurses, who graduated more than three (3) years prior to admission to the Associate Degree Nursing Program, shall provide verification of current employment.

Current employment shall be defined as one (1) year full-time employment as a LPN/LVN within the last three (3) years.

The employment in nursing shall be defined as patient/client contact and shall be verified by the employing agency/agencies using the standardized verification of employment form.

The student must meet admission criteria and be accepted into the nursing program for credit to be awarded.
Financial Information

• The fee schedule may be found in the KCTCS Catalog. In addition to the tuition, ADN students are responsible for transportation to the clinical agencies, purchase of liability insurance (through KCTCS), books, uniforms, CPR certification, cost of immunizations, and cost of background checks/drug screens.

• The tuition for the ADN program is the same as the tuition for all SCC courses. Tuition is payable at the beginning of each semester. A full time student load is considered 12 credit hours or more (for the fall and spring semesters).

• Financial aid is available in the form of scholarships, grants, and loans through the Financial Aid Office. Any student seeking financial aid should contact the Financial Aid Office in the Harold Rogers Student Commons Building on the Somerset North Campus.
The Nursing Incentive Scholarship Fund is sponsored and administered by the Kentucky Board of Nursing (KBN). You can get the application on the KBN website at http://kbn.ky.gov. Look for “Education” in the green areas. There will be a drop down box and click on the link that says “Nursing Incentive Scholarship Fund.” You cannot apply until you are accepted. The application deadline is usually June 1.

These costs are estimates only and are subject to change. This list is not exhaustive and does not include textbooks or supplies needed for nursing and non-nursing courses.
ADN Program Time Commitment

ADN students can expect to be in a classroom setting approximately 7-8 hours a week and in a laboratory setting (on-campus or clinical agency) 12-15 hours a week. Your study/homework time will need to be added to this time. Please plan for 15-20 hours per week for study time. If you intend to hold a job, take careful consideration and use good judgment to make it all work toward setting yourself up for success in the program.
ADN Program Miscellaneous Information –
Evening/Weekend LPN to ADN Option

• Prior to beginning the ADN program, the student must have satisfactorily completed BIO 137, BIO 139, PSY 110, a quantitative reasoning (math) course that meets AA or AS degree requirements, ENG 101, and CPR 100 or equivalent (American Heart Association BLS for the Health Care Provider)

• The more general education classes completed, the better the chances of being accepted

• Prior to applying, it will be beneficial to have completed the quantitative reasoning (math) requirement and the three science courses, since grades of “A” or “B” on the initial enrollment in those courses are awarded additional points. These are not required to be completed before applying, but if completed before the application deadline, they may help you earn more points

• A minimum composite score of 20 on the ACT or a minimum score of 100 on the PAX-RN Exam is required to receive points on the point system for admission into the ADN program. If you do not have the minimum score on either test, you will earn zero points in that category and should consider retaking one of the exams. Remember, you can only take the PAX-RN exam once every 12 months
Applications do not carry over from one admission cycle to the next

If you are not accepted and wish to apply for the next year’s class, you must complete the entire application process again

Admission into the ADN program is competitive. The number of students accepted into the program is limited because a portion of the teaching is done in health care agencies that cannot accommodate large numbers of students

Applicant selection is based on a point system (see slides 34-36). The program’s admissions committee will select the applicants receiving the highest number of points from the applicant pool. The list of selected applicants must be approved by the College President or the President’s designee
• All students accepted into the program are expected to attend an orientation session scheduled prior to the beginning of the semester of admission

• Students will be given information regarding immunizations, Hepatitis B, liability insurance, background check and drug screening after being accepted into the program. All requirements outlined in the acceptance packet must be met in order to remain enrolled in the ADN program. Documentation of fulfilling requirements must be provided by the student. Failure to comply with these requirements will result in dismissal from the program

• The dress code during clinical activities will be of a professional nature. The dress code of the clinical agency will be adhered to. All visible tattoos must be covered while providing patient care. Body piercing rings, studs, and gem stones (other than earrings) are not to be worn during clinical activities
ADN Program Contact Information

• Ms. Billie Duvall, Program Coordinator
  • Blakley Building, 301A (Somerset campus)
  • Allied Health Building #3, 214H (Laurel campus)
  • (606) 878-4856  billie.duvall@kctcs.edu

• Ms. Nancy Powell, Dean of Health Sciences
  • Blakley Building, 301D (Somerset campus)
  • Allied Health Building #3, 214F (Laurel campus)
  • (606) 451-6842  nancy.powell@kctcs.edu

• Ms. Tanya Cowan, Administrative Assistant (Somerset campus)
  • Blakley Building, 301
  • (606) 451-6764  tanya.cowan@kctcs.edu

• Ms. Kathy Howard, Administrative Assistant (Laurel campus)
  • Allied Health Building #3, 214
  • (606) 878-4831  kathy.howard@kctcs.edu
Application Checklist

- Complete an official application to a KCTCS college (this application form is for admission to the College only; it is not an application to the ADN program). If SCC is not your home college, you will need to change your home college to SCC if admitted to the program.
- Take the ACT or PAX-RN exam.
- Submit official high school transcript or GED scores; transcripts must be sent directly from the high school to the Admissions Office.
- Submit official transcripts from all previously attended colleges, universities, or vocational schools; transcripts must be sent directly from the previous school to the Admissions Office.
Application Checklist (Continued)

- Submit the following documents to the Nursing Coordinator or Division Assistant from May 20, 2019 through June 1, 2019 at 4:30 p.m. (eastern time). If the deadline falls on a weekend, the deadline will be extended to the next business day. Applications submitted at times other than listed above will be returned.

  - A copy of current LPN/LVN license verification from the KBN website. Students currently enrolled in a LPN program must pass the NCLEX-PN exam and submit a copy of their PN license prior to enrolling in the first nursing course, if accepted into the program.
  - Program application (for the current admission period) and the statement of program requirements indicating when you want to be considered for admission.
  - Do not submit personal letters or letters of recommendation.
The KCTCS digital literacy requirement will be met upon successful completion of the ADN program. Students exiting the program before completion may be required to take a digital literacy course to fulfill graduation requirements for other programs, degrees, or diplomas.

Read all material in this online pre-admission conference presentation. It is your responsibility to be familiar with and understand the information in this presentation. Please contact the Nursing Coordinator for questions about the information in this presentation. Check this site periodically for any changes or revisions.

The following link will take you to the ADN program application. Download application here. This application should only be submitted after reading this presentation.

Download and print the application after reading this presentation. Complete it and submit it to the Nursing Coordinator or Division Assistant from May 20, 2019 through June 1, 2019 at 4:30 p.m. (eastern time). If the deadline falls on a weekend, holiday, or a day that the college is closed, the deadline will be extended to the next business day. Applications submitted at times other than listed above will be returned.
Application Checklist (Continued)

- All documents should be submitted to the Nursing Coordinator or Division Assistant via mail or in person at:
  - Blakley Building, Room 301 (Somerset North Campus)
  - Somerset Community College, 808 Monticello Street, Somerset, KY 42501
  - Allied Health Building #3, Room 214 (Laurel North Campus)
  - Somerset Community College, 100 University Drive, London, KY 40741

If documents are mailed, contact the Nursing Coordinator before the deadline, to make sure your application was received. Faxed copies of documents are not accepted.
