LOCATION

This program is offered at Eastern Kentucky University (EKU) Manchester Campus in Manchester, Ky.

**CAREERS**

Graduates are prepared to practice as a RN in entry level staff nurse positions upon passing the licensure exam.

PROGRAM DETAILS

Coursework in this program is presented in a traditional daytime format. The Associate Degree Nursing program prepares graduates to use their skill and knowledge to fulfill the role of the nurse: enhance human flourishing, demonstrate sound nursing judgment, continually develop professional identity, and possess a spirit of inquiry to improve the quality of patient care.

Encompassed within these roles are the core components of context and environment, knowledge and science, personal/professional development, quality and safety, relationship-centered care, and teamwork. These core components are introduced, developed and built upon through the curriculum.

Graduates are eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).

The Associate Degree

Nursing curriculum is organized around a clearly defined conceptual framework and combines general education and nursing courses. The nursing courses correlate classroom and clinical instruction in a variety of community agencies.

The Manchester Program admits one time in the spring every other year.

NURSING CREDENTIALS:

ASSOCIATE IN APPLIED SCIENCE -
ASSOCIATE DEGREE NURSING
(62-66 credit hours)

APPLICATION PROCESS:

The following materials must be submitted to the Admissions/Records office by October 1, 2022 for the Manchester Program:

- Application for admission to a KCTCS college.
- Transcripts of all post-secondary work completed at other institutions.
- Results of the ACT or PAX-RN (National League for Nursing Pre-Entrance Exam).
- Read the online pre-admission conference presentation, complete and submit the electronic Program Application by the appropriate deadline. The pre-conference link can be found at: <https://somerset.kctcs.edu/education-training/program-finder/nursing-rn.aspx>
- Completion of a minimum 75 clock hour nursing assistant course or its equivalent and proof of active status on the SRNA Registry in Kentucky.

Upon admission to the program, the student must submit the following:

- Evidence of receiving the Hepatitis B vaccine series or a vaccine declination form
- TB skin test or chest x-ray
- Immunization records
- Other vaccinations may be required depending upon clinical facility
- Current CPR certification (American Heart Association BLS)
- Criminal background check and drug screen once a year
